

CloudApper® Analytico

Unlock your data's potential with AI-powered management dashboards and personalized reports. Designed for UKG users, our stunning visualizations provide clear, impactful insights effortlessly.

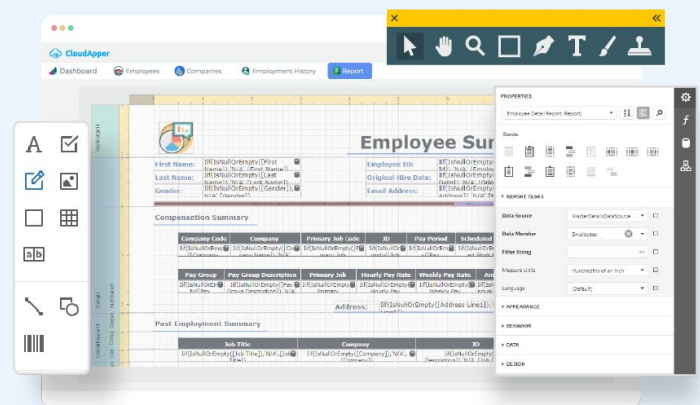

Engaging Dashboards

Experience data visualization like never before with Analytico's story-driven dashboard designs. Integrating captivating narratives and interactive graphics, our AI-powered tool transforms complex data into engaging stories, supporting informed decision-making for UKG customers.

Customizable Reports

Analytico enables quick creation of customized reports, including tabular reports, subreports, charts, and more. Robust report building and deployment across web and mobile platforms ensure you have the insights you need, when you need them.

Unified Analytics Integration

Analytico seamlessly integrates with UKG Pro Suite and Ready to generate deep insights. CloudApper's robust workflow module can be used in conjunction with Analytico to combine and transform data for comprehensive visualization within dashboards and reports.
